

Poorly constructed speed humps have created potholes on sections of the Abor-Affie stretch of the Accra-Aflao Highway

A speed hump near Kpeduhoe

Perilous humps on Volta-Greater Accra highway

From Alberto Mario Noretti, HO

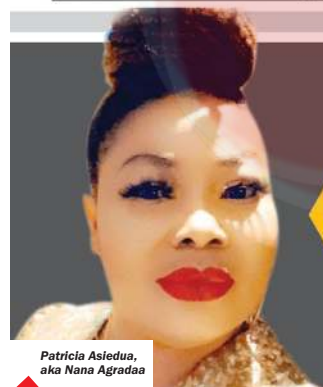

DISASTER is looming on various portions of roads linking the Volta and Greater Accra regions. The problem also persists within the Volta Region as a result of the incessant springing up of unauthorised speed humps in some of the

communities.

Horrible humps are seen on portions of the Accra-Aflao Highway (N1), especially between Abor and Affie in the Akatsi District, where branches of fallen trees are strewn across the highway to compel
